

# We Want You!

## To help find the 2018 Capitol Christmas Tree.

Your help is needed to search the Sweet Home Ranger District for the 2018 Capitol Christmas tree that will be placed on the West Lawn of the U.S. Capitol in Washington, D.C.

### The Perfect Tree Will:

- Be 65-85 feet in height and have a perfectly conical shape. Unlike Christmas trees placed in a living room corner, the Capitol Christmas Tree will be viewed from 360 degrees.
- Have a straight stem, uniform branching, natural density and good rich color.
- Reside on U.S. Forest Service land within the Sweet Home Ranger District.
- Be easily accessible, preferably close to a road that will allow for crane and semi-truck access.

### How to submit your Candidate Tree:

- Take a photo of the tree and record GPS coordinates or other information that will allow us to locate the tree.
- Send your contact information to:  
Sweet Home Ranger District  
CCT Candidate Tree Submission  
4431 Highway 20  
Sweet Home, OR, 9738
- Or, email Submissions to [capitolchristmastree2018@gmail.com](mailto:capitolchristmastree2018@gmail.com) with the subject line CCT Candidate Tree Submission

**Don't forget:** As Smokey says, "Only you can prevent wildfires! Before entering the forest, check the current fire danger on the Sweet Home Ranger District and follow any current restrictions in effect." Share your adventures using the hashtags #FindYourTrail, #USCapitolChristmasTree, and #ItsAllYours.
